

TMS

The Minerals, Metals & Materials Society

Welcome to TMS!

What Can You Do With Your TMS Membership?

members.tms.org

PUBLICATIONS

Access Free Journals

Your membership includes a free print and electronic subscription to the TMS member journal, *JOM*, and electronic subscriptions to all other TMS journals: *Integrating Materials and Manufacturing Innovation*, *Journal of Electronic Materials*, *Journal of Sustainable Metallurgy*, and *Metallurgical and Materials Transactions A, B, and E*.

In addition, you have free electronic access to a collection of 20 additional journals from our publishing partner, Springer.

Log in to members.tms.org and visit the Journal section to start reading.

Receive Discounts on Publications

TMS members receive a 20% discount off the list price of TMS books and e-books, as well as on all English language books and e-books published by Springer.

Retrieve your discount code at members.tms.org.

Explore Online Libraries

Search more than 1,500 technical articles through the TMS Member Library and the archive of the American Institute of Mining, Metallurgical, and Petroleum Engineers.

NETWORKING OPPORTUNITIES

Receive TMS Meeting Discounts

TMS members are entitled to discounted member registration rates for events like the TMS Annual Meeting & Exhibition, Materials Science & Technology (MS&T), and other select specialty conferences.

Visit www.tms.org/meetings for a list of upcoming events.

Search the TMS Membership Directory

Find contact information for your colleagues in the TMS community and connect with members who share your technical interests through the TMS Membership Directory. You'll have access to more than 13,000 minerals, metals, and materials scientists and engineers from more than 90 countries.

Join a Committee

Only TMS members are eligible to join TMS technical committees. Joining a committee allows you to network with peers who share your interests, to shape conference programming, and to develop journal content.

View a list of technical committees at www.tms.org/committees.

CAREER DEVELOPMENT

Access the TMS Career Center

Discover new job opportunities or promising job candidates through the TMS Career Center.

Download the PE Study Guide

Studying for the Principles and Practice of Engineering (PE) Exam for Metallurgical and Materials Engineering? TMS members can download a copy of the *PE Study Guide* at no charge.

Find Funding Opportunities

View a listing of U.S. government funding opportunities related to minerals, metals, and materials research, updated regularly by TMS technical experts.

Take Advantage of Professional Development Opportunities

TMS members receive discounted registration on select professional development events, including courses, workshops, and webinars.

View a listing of upcoming events at www.tms.org/PD.

OPPORTUNITIES TO ADVANCE THE PROFESSION

Participate in ABET Accreditation Activities

TMS is the lead professional society evaluating materials science and metallurgical engineering programs at U.S. universities through ABET. Qualified TMS members can get involved with the TMS Accreditation Committee by applying to become ABET program evaluators.

Contribute to Professional Registration Standards

The TMS Professional Registration Committee manages the exam process, prepares and reviews items, and supports the administration of the exam for registration as a Professional Engineer (PE) in the United States through the National Council of Examiners for Engineering and Surveying (NCEES). TMS members who are PEs can get involved with these activities through the TMS Professional Registration Committee.

Learn more about both of these programs at www.tms.org/PD.

ADDITIONAL MEMBERSHIP OPPORTUNITIES

Become an International Society Affiliate

TMS members can become affiliate members of the Institute of Materials, Minerals, and Mining (IOM³) or the Brazilian Metallurgical, Materials and Mining Association (ABM), receiving select benefits from these societies at a discounted membership rate.

Subscribe to Online Libraries and Journals

TMS members can subscribe to OneMine Library, *Mining Engineering*, and *Iron and Steel Technology* at a discounted rate through arrangements with our partner societies.

**Remember,
you can access all of your member
benefits by logging in to
members.tms.org.**
